## FORWARD

Welcome to Sweet Grass County High School. We look forward to working with you in the coming year. It is our aim to improve your abilities and expand your opportunities through education. Study our school's philosophy and you will understand how we work.

SGCHS has always had an outstanding academic reputation. Our graduates have been successful in their vocations or further education. While our staff stands fully committed to offering the best public education possible, we will need your help in making this the best experience possible. We firmly believe in the old axiom that any worthwhile accomplishment is the result of inspiration and effort.

During your time at SGCHS, we encourage you to take part in the activities we offer. The range of extra-curricular offerings encompasses athletics, music, speech, drama, FFA, etc. We have found that the students who join and become active in those organizations often have the best attendance, grades and experiences in high school. So consider becoming a part of the "extra" high school has to offer.

We extend our high expectations to include social behaviors. Our staff will not be looking for problems, but can be counted on to help you learn about the proper respect and self-responsibility. The handbook briefly explains some of our expectations along with descriptions of procedures to help you progress through your days successfully.

You will have a considerable impact on how rewarding your year will be at SGCHS. We have found that the more students get involved in the activities and courses the school offers, the more rewarding their high school years will be. In other words, your high school experience will be largely what you put into it. Take care of your school, have pride in being a "Herder," and have consideration and respect for others and yourself.

If you have questions concerning the rules and regulations, course offerings, or other concerns, feel free to stop by the office for a visit. I wish you the best of luck and hope you have a great time here.

Your Superintendent

Alvin Buerkle

## HISTORY OF SWEET GRASS COUNTY HIGH SCHOOL

Sweet Grass County High School was organized in 1902 with R.M. Davis as principal. When Mr. Davis found many students were ready for high school work, provisions were made in the grade school. High school was held there until November 1905 when the high school building located on 4<sup>th</sup> Street was completed and dedicated. The class of 1906 was the first to complete the four-year course in the old high school. When it was found necessary to have more rooms in the school, the gym and auditorium were added in 1914. In 1918 the manual training portion of the building was added. The next expansion of the building was when the English, Commercial, and Home Economics departments were added in 1922. Sweet Grass County High School was the first site of the Montana Music Meet. The last wing to be built in the old school was the Science department downstairs. This was completed by WPA workers in 1938. The gym (now called the Civic Center) was added in 1949. Final remodeling in 1971 partitioned a part of the Study Hall to create a Library.

In April of 1980, construction was started on the present high school building. In August of 1981, the new Sweet Grass County High School was opened. The building contained 17 classrooms, kitchen, lunchroom, library, shop, Home Economics, and music room along with offices. The gym was completed in September of 1985. Over the years, renovations took place including dividing the study hall into two classrooms, a concession stand was built in the lunch room, and the building was wired to allow internet access in all classrooms. A two classroom addition was completed in 2007. Significant remodeling was completed during the summers of 2012 and 2013 with new lockers, painting and updated carpet in the hallways.

## STUDENT INFORMATION

### SCHOOL PROCEDURES

In order to operate a high school in the most efficient manner, to the satisfaction of all those concerned, and assist the success of everyone's efforts, it is necessary that we have a few simple regulations to guide you during your activities in and around the school. We are not trying to establish a set of rules that regulate you in a "do" and "don't" manner unless it becomes necessary to remind you of proper social behavior in a learning setting. Read these carefully and do your utmost to carry them out to the best of your ability and you will be contributing greatly to help your high school become one the best anywhere.

### ACTIVITY FEE/CHROMEBOOK FEE

The purpose of the \$30 activity fee is to assist all student activities and organizations. It will grant admission to all home athletic events and concerts. The Chromebook fee of \$25 will be used to cover usage and wear of the Chromebook computers issued to each student for use during the year. The Chromebook fee is not intended to cover damages to the computer that are the result of student neglect or carelessness. Students are expected to pay these fees at registration or the first day of school. A late fee will be assessed for students who have not paid the fees by the end of the second week of school.

**ATTENDANCE (Policy #5131)**

It is a fact that for a student to do well in school and to benefit fully from the educational opportunity available, a student must be in school and have a good attendance record. Students are encouraged to view school as an opportunity. Since parents are ultimately responsible for their child, the parent should call the school if their child is unable to attend. Parents are encouraged to notify the school in advance when possible. Students are encouraged to complete their work in advance whenever possible. Students will be given one school day to make up work for each day of absence recorded unless their absence is an extended one.

**Excused and unexcused absences:**

When parent reasons are supplied in advance or within one school day of the student returning to class, the absence will be excused. Excused absences are those for which students have the opportunity to make up all work missed during the absence with no penalty.

Unexcused absences are those related to academic suspensions, other disciplinary actions, absences that do not have a parent excuse supplied within a day of the student returning to class, and truancy. Unexcused absences will result in zeroes for any assignments missed during the absence.

An absence will be considered a disciplinary write-up for truancy when the parent is not aware of the absence or does not request that an absence be excused within one school day of the absence. In addition to the loss of grades, the student will be subject to detention or suspension for truancy.

**Academic and non-academic suspensions:**

Academic suspensions are discipline situations that involved the disruption of class activities. Non-academic are discipline situations that are not related to class functions. Students will be allowed to receive credit for all make-up work during a non-academic suspension provided all work is handed in when the student returns to class. Work missed during academic suspension will be recorded as zeroes. While students will be allowed to make up cumulative tests or projects for any suspension absence, they must arrange for that make-up to occur outside of class time.

**Credit/attendance regulations:**

In all absences, excused or unexcused, if a student misses more than nine (9) periods of a class in a semester, no credit will be earned in that class within the guidelines of the following provisions.

1. Students and parents will receive written/verbal warning when students accumulate six (6) days/periods of absences and again when the number of absences has reached the limit of nine.
2. When a student exceeds nine absences, they will be informed of their situation. Students and parents have the right to appeal to the Attendance Committee or they may choose the options of missing fewer days the next semester. Students and parents must inform the principal of which choice they are making. The number of days they would be allowed to miss the second semester would be determined by subtracting the number of days they are over the allowed absences from the allowed nine absences. The student may choose to appeal to the Attendance Committee instead of the "less days" option. The Attendance Committee, made up of four staff members and the Principal, will reach a decision regarding the absence/credit and may require a hearing with the student and their parents. This decision will be given within five days of the student's appeal. A student may appeal to the attendance committee in advance of an absence to receive a ruling regarding absence/credit concerns.
3. The student has the right to appeal that decision to the board of trustees at which time they will have a hearing before the board. The written notice of appeal must be given within five days of any

- Attendance Committee decision or of being informed of the loss of credit. The hearing will take place at the next available board meeting after the notice of appeal.
4. Classes in which the student is losing credit due to absences will be recorded on the student's transcript as NC if the student passing the class. If they were failing the class, their grade will be recorded as an F. NC grades will not be used in the GPA calculations but F grades will be included in those calculations. A student can replace an NC grade on their transcript with the grade/credit earned provided they miss fewer days during the next semester based on the number of days they exceeded the allowable limit in the semester in question. Seniors would have to make up the number of hours missed for each class after graduation to replace the NC grade/credit. If that grade/credit is needed to complete their diploma, seniors would not be allowed to participate in graduation exercises.
  5. All absences will be applied to the credit/attendance requirements of this policy with the following exceptions:
    - a. Absences due to illnesses, hospital stays, or medical appointments that are excused by a written doctor's note provided within one school day after the student has returned to school. (A student excused by a medical doctor from participation in P.E. activities must still attend the P.E. class unless excused by the instructor.) Extended or chronic absences related to doctor's excuses will be dealt with on an individual basis through documentation and conferences with the administration or the Attendance Committee.
    - b. Absences related to demonstrable educational benefits that have been accepted and documented by administration. College visitations are an example of this type of absence which has a limit of two days per semester.
    - c. Absences due to family emergencies or bereavement that have been excused by the administration.
    - d. Absences related to family functions that have been excused by the administration before the absence occurs.
    - e. Absences related to school sponsored functions or organizations will be excused.
    - f. Special exceptions to attendance requirements will be considered by administration on an individual basis in compliance with School Law 20-5-1-2 and 20-5-103.
  6. Absences due to suspension or discipline measures cannot be excused from this policy.
  7. Students will be given full credit for making up work within the guidelines of this policy.

### **Tardies**

Students will be considered absent from a class period if they miss more than 15 minutes of the period. Students who miss less than 15 minutes of class will be considered tardy. Staff can excuse tardies during the school day. Parents can excuse tardies that occur during first period in the morning or afternoon. If parental excuses are not supplied with the school day time frame, the tardy will be considered unexcused. Parents will be allowed to excuse a maximum of five tardies per semester. All other tardies will be considered unexcused. Students with three or more unexcused tardies per semester will serve detention and/or suspension discipline as follows:

1. Three or four unexcused tardies – half hour morning detention
2. Five, six, or seven unexcused tardies – in-school suspension
3. Eight or more unexcused tardies – Out of school suspension

### **Other absence/tardy occurrences:**

The Principal will handle special absences not covered in the previous statements on an individual basis.

### **Parents (guardians, or legal custodians) have the following responsibilities:**

1. In the event the child will be absent from school, the parent shall report that absence to the Principal or designee by 10:00 AM in the morning, or by 1:30 PM if absent in the afternoon.
2. The parent shall report the absence of the child every day they are absent or inform the school as to the length of the absence.
3. Parents shall provide a telephone number where they may be contacted in the event of an emergency or when the child is absent from school.

4. The parent shall provide an alternative phone number where they may be contacted or the number of another person who can be accountable for their child's attendance.

### **Responsibility of Principal or Designee:**

When a parent, guardian, or legal custodian notifies the school that a child will be absent from school the Principal and/or designee shall log the date and person from whom the call came. In the event a parent, guardian, or legal custodian fails to notify the school of the child's absence:

1. The Principal/designee will attempt to telephone the parent, guardian, or legal custodian at the home or alternative number provided above.
2. If the school official is unable to make telephone contact with the parent, guardian, or legal custodian after two school days, he/she shall mail a written notice to the parent, guardian, or legal custodian indicating the child's absence from school on those dates. The letter will indicate that an attempt was made to make telephone contact during the days the child was absent from school.
3. If the school official suspects foul play or cannot determine the appropriate procedure, the Principal shall immediately notify the appropriate law enforcement agency or consult with the County Attorney.
4. If a child is absent for a part of the school day and the parent has not reported that absence, the school official shall follow the procedure outlined as if the child were absent the entire school day.

### **INTERNET/CHROMEBOOK USE**

Students are required to have a parental permission/student agreement form completed and on file before they can use the district internet. In addition students must have a Chromebook Agreement form completed by their parents and the student to be able to use their assigned Chromebook. Students must follow the expectations of these agreements to be able to use the internet and school equipment. Students can face disciplinary actions for infractions.

### **PASS SLIPS**

Students may be excused from study hall of the classroom with an appropriate pass (for example: rest room, office, locker, etc.) by permission of the instructor within classroom rules. If the student needs to visit another classroom (for a conference, make-up work, etc.) they must present written permission from the teacher of the classroom the student will visit. Students may be excused by the teacher to visit the counselor without prior written permission. If a student becomes ill, the teacher can excuse them to the office if necessary. The office will contact the school nurse or parents or issue a pass to go home or see a doctor.

### **EMERGENCY SIGNALS**

The Fire Bell is a loud, repeating burst. Vacate the building as rapidly as possible in an orderly manner. Evacuation route maps are available in each classroom. The Earth Quake signal is short bursts of the class bell. Follow the directions of your teacher in finding a safe in the classroom and do not evacuate the building until instructed to do so. The Lock Down signal will be given verbally over the intercom. Follow teacher instructions regarding whether to leave the building or to hide in the classroom. If instructed to stay in hiding, be prepared to create a barricade and distract or disarm any intruder until help arrives or it becomes safe to leave.

### **GRADUATION REQUIREMENTS**

Students of Sweet Grass County High School must earn a minimum of 23 credits to graduate. The SGCHS course requirements for graduation are:

Language Arts	4 credits	Vocational Ed	1 credit
American History	1 credit	Fine Arts	1 credit
American Government	1 credit	Health & P.E.	1 credit
Math	2 credits	Ninth grade	1\2 credit
Science	2 credits	Tenth grade	1\2 credit
Financial Literacy	1\2 credit	Research Paper successfully completed	

Students may earn credits towards graduation through correspondence courses approved by the administration. Any correspondence courses not completed by a specified time shall be recorded as an F. Students must earn 11 credits to be a member of the junior class. Students must have completed 16 credits or be currently enrolled in correspondence courses which will contribute to graduation requirements to be considered a member of the senior class. This placement will be made during the first ten days of the school year.

### CREDITS/GRADES/REPORTS

course offers one half credit if it is successfully completed. Partial credit may be earned for being a teacher aide , tutoring, or for special courses.

The school year is divided into two semesters. Each semester is made up of two quarters approximately nine to ten weeks in length. While grade reports are available at any time through the school on-line internet source and at the end of the quarter, the grade earned at the semester determines successful completion of a course and the number of credits earned. All semester grades are entered on the student's high school transcript along with a record of the student's attendance. It is in the student's best interest to be sure that every entry into that record is a positive reflection of their effort and ability.

The on-line internet service and quarter grades are intended to keep a student and their parents informed about their progress. In addition, a weekly success list is generated and tutor session are required for students failing classes or having a D at that time (see more complete description in this handbook under "Project Success.) Along with this support, students are encouraged to check their progress at any time to assist them in their responsibility of maintain passing grades and earning credits.

Grades for courses are determined by the following scale:

A.....95-100	B+.....87-89	C+.....77-79	D+.....67-69	F.....Below 59 percent
A-.....90-94	B.....83-86	C.....73-76	D.....63-66	
	B-.....80-82	C-.....70-72	D-.....60-62	

Grades are explained or reflected as an A = Superior work, B= good/above average work, C= average work, D= below average work, and F= failing, unsatisfactory work. The determination of these grades includes references to the following characteristics:

Scholarship – meeting or exceeding the requirements of the instructor and class work, a primary condition for earning a grade.

Initiative – contributions related to assignments or independent resourcefulness.

Attitude – level of benefit to the class or group.

Cooperation – amount of support and collaboration within the class or group.

Individual Improvement – evidence of progress or self-growth.

Responsibility – accepting one's own role in getting work done well.

### HONOR ROLL

Grade Point Average (GPA) used for honor roll and cumulative GPA calculations are determined on the basis of the scale given here:

A=4.0	B+=3.33	C+=2.33	D+=1.33	F=0
A-=3.67	B=3.0	C=2.0	D=1.0	
	B-=2.67	C-=1.67	D-=0.67	

NC=refers to courses in which the student has a passing grade but will not earn credit due to excessive absences; these courses will not be used in the calculation of GPA averages.

Students must have a 3.0 average on their grades in a quarter or semester to be on the honor roll for that quarter or semester.

### HONOR LOUNGE

The Student Council has created an Honor Lounge for SGCHS students. In order to qualify to the honor lounge you must earn a 3.0 GPA on your most recent quarter grades with no D's or F's in any class. First semester Freshmen are not eligible for Honor Lounge.

#### Rules and Regulations of Honor Lounge:

1. The Honor Lounge will be supervised by participating members of the honor lounge.

2. There will be no inappropriate behavior, excessive noise, or gambling.
3. The Honor Lounge is for use during your Study Hall only. You are to report to your study hall at the beginning of the period and follow normal check out procedures for study hall. After checking out of study hall, you must go directly to the honor lounge. You must return to study hall before the end of the period and check in. There is to be no meandering in the hall or disturbing of other classes. Honor Lounge students will be allowed to use a pass to go to their locker one student at a time. If a Honor Lounge student needs to go to another part of the building, they must get a pass and use the usual hall pass procedure. Honor Lounge students will find all other passes at the office doorway. They may use the office counter phone with permission.
4. The Honor Lounge area available to students is the cafeteria, gymnasium, the hallway between the cafeteria and gym, and the lawn in front of the gym.
5. The gym and weight room are available for use when there is no P.E. class. If a P.E. class is using the gym or weight room, it is not available for use unless the instructor gives consent.
6. If Honor Lounge students go outside the building, they are to remain in the area of the lawn in front of the gym, the benches in front of the building, or the memorial area. Students are not to use areas by classroom windows and are not allowed to distract classes in that manner. The lawn is the boundary of the Honor Lounge. No one will be allowed in the parking lot unless they have permission from the office to get something from their car. The football field area is not part of honor lounge.
7. If students leave school grounds during Honor Lounge without permission, normal consequences for truancy will result.
8. If there is any report of loud or obnoxious behavior or disregard for school rules, the students involved will have their honor lounge privileges revoked for a minimum of four school days or time allocated by the study hall teacher or administration. Continued misbehavior will result in longer suspension or revocation of Honor Lounge privileges for the rest of the quarter.
9. If noise from the Honor Lounge gets too loud, the entire honor lounge may be suspended.
10. School computers are allowed in the honor lounge in areas or tables that do not have food or drink present.
11. A list of qualifying students will be given to each study hall teacher. The Principal will review the honor lounge expectations with new honor lounge students each quarter.

## PROJECT SUCCESS

### Goals for All:

1. All students pass all classes.
2. Super goal – all students earn 2.5 GPA.
3. All students participate in at least one activity.
4. All teachers and students enhance the self-esteem of all students.
5. All teachers and students recognize achievement in all students.
6. All teachers and students communicate openly.

### Participation/Academic Incentives:

1. Students earning a C or better in all classes will be rewarded by early 2:30 dismissal on Tutor Tuesdays. This grade will be based on a cumulative quarter average.
2. Any students failing any classes or having a D-, D, or D+ in any class will attend a mandatory study hall on a Tuesday schedule from 2:35 to 3:35 PM. Student will be excused from the study hall with a pass to attend tutor sessions with the teacher of the class they are failing or earning a D in. Students may arrange additional help sessions with teachers as needed. A student with F or D grades in more than one class shall attend a 30 minute help session for each class or select with teacher assistance the most appropriate help session to attend. Class participation points may be given by a teacher for attending a tutor session or for voluntary attendance at a help session.
3. The only acceptable excuses for not attending a Tutor study session will be based on attendance policies or have prior approval from the administration. Students will be allowed to miss two Tuesday sessions per semester within the guidelines of acceptable excuses in the attendance policy. Students will also be excused from Tuesday tutor sessions due to attendance at school sponsored events or contests. All other Tuesday tutor sessions will be considered mandatory. Students who do not attend the mandatory study

hall or cause a disruption in a help session will be subject to all discipline procedures (i.e. detention or even suspension.) Students who are considered to have skipped their required tutor session will not be eligible to participate in extra-curricular activities for that week.

4. A weekly success list will be posted by noon on the first day of the week. Students are responsible to check the list to see if they must attend tutor time. Teachers will be provided with a list of students with an F or D and the subject they have that grade in. Failing students will be notified by the individual teacher when possible. If a student consistently fails more than one class, a parent/student/teacher conference will be arranged by the guidance counselor.
5. Students failing a class will be placed on a warning list for eligibility. If a student fails the same class for three or more consecutive weeks, they will be ineligible for any activities for that week. Any student reported as failing two or more classes in a week will be ineligible for activities for that week. The eligibility week will be from Monday to the next Sunday. Eligibility is considered on a week to week basis with no carry over or accumulation of time.
6. Optional teacher-led or student-led tutoring session will be available before and/or after school. Extra credit points will be given to students who volunteer to be a tutor in the class they are assisting in. Students who tutor regularly will receive a quarter of a credit per semester as a teacher's aide.

### **LIBRARY AND STUDY HALL**

The library will be available for use by any student before/after school and during noon hour. Please do not abuse the privilege. Students who wish to check books out of the school library may do so by checking them with the student library aide or the librarian. Any books damaged or lost will be charged to the student checking out the book. Students will also pay fines for overdue books.

Students who read magazines and papers during the Study Hall are expected to return them to their proper place before the end of the period. Students may check out of study hall to lockers or the rest room by using the passes from the study hall. All students are expected to have work and materials with them to keep busy during study. More detailed rules or directions may be supplemented by the librarian or study hall teacher.

### **LOCKERS**

A locker is assigned to each student when they enroll in school. Combinations locks are available upon request from the office. If for some reason, a student wishes to furnish their own lock, a duplicate key or the combination must be left with the office. If there is some special reason for a lock or locker change, contact the principal. Since using locks is the choice of the student, the school will not assume any liability for anything taken from a locker. Students are expected to keep lockers presentable and arranged so that the locker door will close. Notices or posters on the exterior of the locker will be removed periodically. No personal items are to be displayed on the exterior of the locker.

Students may also be assigned lockers in the gym for use in PE or when participating with school athletic teams. These lockers have combination locks and students are expected to use them. Students who do not lock up their gym locker will have to pay a fee to reclaim their belongings.

### **LOCKER AND VEHICLE SEARCHES**

No student may use a locker, desk, or vehicle parked on school property as a depository for a substance or object which is prohibited by policy or law, or constitutes a threat to the health, safety or welfare of the occupants of the school building or the building itself. The board reserves the right to authorize administrative personnel to inspect a student's locker, desk, or vehicle on school property when there is reason to believe such substances or objects may be involved. School lockers may be checked periodically for cleanliness and health reasons. The administration will establish procedures for such searches or inspections in regards to school property and student welfare.

### **STUDENT DRESS (POLICY 5103)**

Students should dress in clean clothes that are in good taste, wear shoes, and be well groomed during school hours and when representing a school organization or group. Students may not wear clothing advertising alcohol, drugs, or tobacco; displaying nude or scantily clothed persons; containing obscene, offensive or suggestive

lettering. The basic principal is that certain body parts (genitals, buttocks, abdomen, breasts, and nipples) must be covered at all times. Fitted pants, ripped jeans, tank tops, T-back shirts, or spaghetti strap tops are allowed provided they have necklines or arm holes that do not expose body parts mentioned earlier or expose the midriff. If undergarments are visible or would be visible with the student's attire, students will be in violation of this policy. Shorts, skirts, or dresses are expected to be of appropriate length. The administration will make the final determination on the acceptability of any clothing worn. If the administration or staff determines any clothing is obscene or offensive, the student will be asked to turn the shirt inside out, be offered a different shirt to wear, or be sent home to change clothing depending on the circumstances. Failure to comply will result in disciplinary action.

In addition, students are to remove hats or head coverings when entering the school building during school hours. Hats or head coverings are to remain off until the student leaves the building through exiting doors. This is a social issue of respect that is expected of all students.

### **CELL PHONE/IPOD USE**

While SGCHS recognizes the necessity of staying current with advancements in technology, use of cell phones/iPods will be supervised and regulated to ensure proper use. The use of cell phones or iPods will not be allowed in classrooms unless specific approval is given by the classroom teacher. Students will be allowed to use phones in the hallways before and after school, between classes, and during lunch. Earphones may be used in hallways but only in one ear to allow communication to occur. Honor Lounge students may use cell phones or iPods in the Honor Lounge area. While students will be allowed to have cell phone and iPods on school grounds and on activity trips, they are expected to keep the devices out of sight in locker, book bags, or travel bags to insure no interruptions of instruction, practice or activities without permission from teachers, coaches, or administration. Cell phones are never to be used in restrooms or locker rooms. If a student uses a cell phone/iPod in an unauthorized manner of the device is unsecured, it will be confiscated, turned into the administration, and parents will be contacted. The device will not be returned until the parents are informed and agree to the return. Violations of this policy or inappropriate use of the devices will result in disciplinary write ups or actions.

### **CLASSROOM/SCHOOL DISCIPLINE LEVELS (Policy 5103)**

In order to better inform parents/guardians of students who are disciplined, Sweet Grass County High School has developed and adopted a Five Level System as a means of communicating to students, staff, and parents/guardians the disciplinary record of a student. The system is a means of documenting progressive discipline and providing parents/guardians with a record of disciplinary actions. The discipline expectations listed in the Discipline Levels apply to student behavior and actions during the school day, on school grounds, or at any school function.

Disciplinary consequences will follow the grid scale at the appropriate level of the infraction. Level 1 infractions will result in progressive Level 1 consequences, Level 2 infractions will result in progressive Level 2 consequences, etc. Once the student has reached the maximum consequence at that level of the grid, all additional infractions will be dealt with at the maximum consequence.

Sweet Grass County High School has discipline guidelines with five levels.

1. **Level I** – are minor infractions that affect the daily educational processes. A Level 1 infraction alone cannot be grounds for expulsion. Individual teachers will determine the rules and guidelines for conduct in their own classroom. These rules will be explained to students during their first day. The teacher will also explain the consequence if the rules are violated.
2. **Level II** – are deemed more serious in nature resulting in increasing disruption to the educational processes. Level 2 infractions alone or in combination with Level 1 cannot be grounds for expulsion, but may be subject to long-term suspension.

Level I and Level II seek to create a situation where the student, especially one with a chronic behavior problem, can be isolated from the rest of the students, counseled, and given an opportunity to consider his/her behavior and how he/she can change that behavior.

3. **Level III** – are those offenses that are more aggressive or threatening in nature and cause concern for the safety of self, students, and staff. After a hearing with the principal, consequence will be out-of-school suspension for not more than 5 days. When the student finishes an out-of-school suspension of three days or longer, his/her parents/guardians will be asked to bring the student back to school for a conference with the administrator and teacher in charge of the disciplinary action. The goal of these meetings is to provide the student and his/her parents/guardians with an opportunity to jointly develop a course of action to improve the student’s behavior and educational experiences at Sweet Grass County High School. A fourth infraction at Level III will result in long-term suspension and may result in a recommendation for expulsion to the school board.
4. **Level IV** – are those offenses that are malicious and defiant in nature where there is an immediate concern for the safety or welfare of self, students, staff and property. Level IV offenses will result in out-of-school suspension no less than 5 days. When the student finishes his/her out-of-school suspension, his/her parents/guardians will be asked to bring the student back to school for a conference with the administrator and teacher in charge of the disciplinary action. The goal of these meetings is to provide the student and his/her parents/guardians with an explanation of the seriousness of the offense and an understanding that a second Level IV offense will result in long-term suspension and may result in a recommendation for expulsion to the school board.
5. **Level V** – are extreme and unacceptable offenses resulting in immediate suspension until an expulsion hearing before the school board. “Expulsion” is the exclusion of a student from school by action of the Board of Trustees for not less than the rest of the semester for which the student is presently enrolled and for not more than one complete academic year after that semester. If a student is expelled during a semester, the student will not receive credit for the semester.

**If an offense is deemed serious enough by the administration, a recommendation for long-term suspension and/or expulsion may be made if the offense(s) seriously endangers or threatens students, staff or other person or creates serious disruption to the orderly function of the school.**

#### DETENTION

1. Detention may be assigned to students for any violation of classroom and/or school rules.
2. Detention may be served for the purpose of students completing assignments, increasing participation in class activities, and to “catch-up” students who may have missed class for other reasons. The persistent offender will be assigned more severe consequences.
3. Detention will be served the day assigned unless other arrangements are made with the teacher or office. Bus students may not be kept after school the day of the infraction unless the parent/guardian has been contacted to arrange for a ride.
4. Failure to serve the detention will be reported to the office and the student will be placed on the appropriate level of the discipline grid.
5. Detention has priority over extracurricular activities.

Students are under the jurisdiction of all school personnel whenever they are on school property or are involved with school activities, including bus transportation to and from school.

**PARENT NOTIFICATION OF DISCIPLINARY ACTION** – when students receive disciplinary action, the administration will inform parents of the infraction and penalty through appropriate methods related to the Level of the disciplinary infraction.

**EXPULSION PROCEDURES** - Should the record indicate that expulsion is necessary, written charges specifying the circumstances will be filed by the principal with the superintendent and the District Clerk. Upon receipt of said written charges, the School Trustees shall immediately set a time and place of a hearing related to said charges and shall direct the School Clerk to give written notice of said time and place of the hearing, together with a copy of the said written charges, to be served upon the parent or guardian of the student not less than three (3) days from the date of the order setting the time and place of the hearing. The student and parent/guardian will be informed as well as to their rights to a hearing, open or closed session, representation, called witnesses, and appeal. The School Trustees shall meet at the time and place set for the hearing, hear all witnesses and examine all evidence pertaining to said written charges of expulsion and, by it written decision concurred in by four (4) or more members, determine whether there is good cause to expel the student

from SGCHS. The decision of expulsion is solely the power of the School Trustees and shall be in writing and recorded in the minutes of the Board. During the period of time between the filing of said written charges and the date of the hearing, the student will be suspended from school.

Inquiries or complaints regarding discrimination should be directed to Mr. Al Buerkle, Title IX/Section 504 Coordinator, Box 886, Big Timber, MT 59011 (phone 406-932-5993.) ### **UNIFORM GRIEVANCE PROCEDURE**

All individuals should use this grievance procedure if they believe that the Board, its employees or agents have violated their rights guaranteed by the State or federal Constitution, State or federal statute, or Board policy.

The right of a person to prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies, and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If the grievance relates to an issue covered in a collective bargaining agreement, the complainant must use the grievance procedure in the collective bargaining agreement.

#### **Level 1: Informal**

An individual with a complaint is encouraged to first discuss it with the teacher, counselor, or building administrator involved, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be discussed with the first line administrator that is not involved in the alleged harassment.

#### **Level 2: Principal**

If the complaint is not resolved at Level 1, the grievant may file a written grievance stating: 1) the nature of the grievance and 2) the remedy requested. It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the principal within sixty (60) days of the event or incident or from the date the grievant could reasonably become aware of such occurrence.

If the complaint alleges a violation of Board policy or procedure, the principal shall investigate and attempt to resolve the complaint. If either party is not satisfied with the principal's decision, the grievance may be advanced to Level 3 by requesting in writing that the Superintendent review the principal's decision. This request must be submitted to the Superintendent within fifteen (15) days of the principal's decision.

If the complaint alleges a violation of Title IX, Title II, Section 504 of the Rehabilitation Act, or sexual harassment, the principal shall turn the complaint over to the Superintendent, who acts as Nondiscrimination Coordinator for the District and who shall investigate the complaint. The Superintendent/Coordinator will complete the investigation and file a report within thirty (30) days after receipt of the written grievance. The Superintendent/Coordinator may hire an outside investigator if necessary. The report will include a recommendation for resolution of the complaint. If the complaint party or other parties involved are not satisfied with the recommendations from Level 2, either party may make a written appeal within fifteen (15) days of receiving the report of the Coordinator/Superintendent to the Board for a hearing (Level 4.)

#### **Level 3: Superintendent**

Upon receipt of the request for review, the Superintendent shall schedule a meeting between the parties and the principal. The parties shall be afforded the opportunity to either dispute or concur with the principal's report. The Superintendent shall decide the matter within ten (10) days of the meeting and shall notify the parties in writing of the decision. If the Superintendent agrees with the recommendation of the principal, the recommendation will be implemented. If the Superintendent rejects the recommendation of the principal, the matter may either be referred to an outside investigator for further review or resolved by the Superintendent.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within fifteen (15) days of receiving the Superintendent's decision. The Board is the policy-making body of the school, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

#### **Level 4: The Board**

Upon receipt of a written appeal of the decision of the Superintendent, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration by applying the procedures of policy #3200. A decision shall be made and reported in writing to all parties within thirty (30) days of that meeting. The decision of the Board will be final, unless appealed within the period provided by law.

#### **Level 5: County Superintendent**

If the case falls within the jurisdiction of the County Superintendent of Schools, the decision of the Board may be appealed to the County Superintendent by filing a written appeal within thirty (30) days after the final decision of the Board, pursuant to the Rules of School Controversy.
